HSBC ranked No.1 across four categories in Japan in Euromoney's 2026 Cash Management Survey

HSBC Global Payments Solutions has been ranked No.1 across all four Japan categories in Euromoney's "2026 Cash Management Survey", namely Overall, Products, Technology and Client Service.

In addition to the Japan results, HSBC GPS also won No.1 rankings in Asia and globally in the 2026 survey, reflecting the strength and consistency of our cash management proposition across markets.

The survey recognises financial institutions that demonstrate excellence in providing cash management products and services, and received more than 26,000 responses this year. The results reflect the strong endorsement from customers in Japan of HSBC's overall service quality, product capabilities, technology and client service.

In April 2026, HSBC Global Payment Solutions was named Best Service Provider – Liquidity Management – Japan at The Asset – Triple A Treasurise Awards 2026. In July 2026, it also received the following two awards at the Corporate Treasurer Awards 2026:

- Best Cash Management Bank in Asia Pacific

HSBC will continue to enhance its payments and cash management solutions, helping customers in Japan and overseas improve liquidity efficiency and further advance their operations, while delivering even higher-quality services.
